

## **Introduction for Rules and Terms of Service**

We perfectly understand, that there is no time for reading of long legal texts - you are busy. For your convenience we laid down essence in simple wordings. It does not replace the official legal articles, but provide an idea of what is in there.

### **Basic technical requirements:**

For using the Service provided by the system operator you must be above 16 years old, use e-mail for correspondence, possess smart phone or personal computer and personal bank account.

### **Risks and conditions:**

- System operator is not liable for correctness of the data, provided by the User of the Service. Correctness of system functioning is directly depending on the correctness of the data, provided by the User;
- Decision to use the Service of the system operator and to participate in the game – is solely Your voluntary decision;
- For every individual User of the Service each separate Service, which such User accepts – is ultimate: the Service is deemed as fully provided and fulfilled, when User of the Service has reached level “Capo Nostro”;
- System operator is not ensuring up-grading of the User of the Service in the game and is not guaranteeing any income, but provides programming- and information assurance of functioning of the game, participation in which may allow the User of the Service to receive funds to the personal bank account;
- Any and all risks, related to the decision to use the Service – is recognized and accepted risk of the User.

### **Guarantees:**

- programming- and information assurance of the functioning of the System;
- confidentiality of personal data, provided to the System by the User.
